

AMENDMENTS TO THE SPECIFICATION:

Please replace paragraph [0094] with the following amended paragraph.

[0094] While several companies, such as 4th pass, sell general purpose provisioning software, none of the prior art appears to encompass the aspects of the instant invention. For reference, Sun has a general listing of such provisioning software, at [http://java/sun.com/j2ee/provisioning/industry.html](http://java.sun.com/j2ee/provisioning/industry.html). Further, all appear to be pursuing the cellular industry as their target market.
